

Small but mighty

Clover Mini is the most adaptable contactless card machine there is.

It does the simple stuff, well, simply. But has the power to manage your whole business when you need it to.

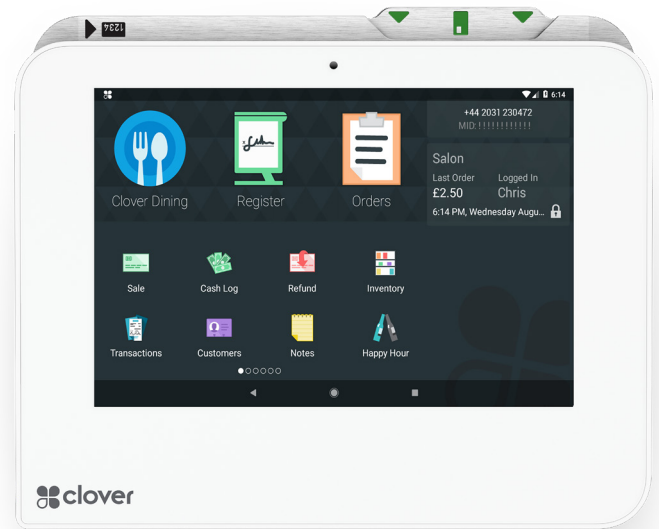

Clover Mini can...

- accept all major payment types including contactless, Apple Pay®, and Google Pay®.
- update your stock lists and nudge you when stock is running low.
- work with barcode scanners and other accessories.

Punching above its weight

Clover Mini is of course compact. But it has Herculean potential. As your needs grow, this little machine scales-up, boasting all the functionality of its much bigger rivals. It can act like a full payment terminal when you need it to. Just tap into the Clover App Market for specialised apps.

Clover Mini can

Take most payment types

Chip and PIN, everyday credit and debit cards, plus contactless payments including Apple Pay® and Google Pay®.

Work anywhere, anytime

We'll help you run your business on cloud-based software, so you can get the information you need from any device.

Simplify your business

The Clover Mini is the one stop shop to help you run your business – all the tools are in one place.

Turn data into insight

Tap into valuable insights about your business and your customers.

Boost customer loyalty

Set up a digital loyalty and reward scheme. It's an extra incentive to keep your customers coming back for more.

Give extra protection

We'll keep your information (and your customers' details) safe. Clover Mini has built-in fraud protection and integrated multi-layered security.
